Original Acrylic Paintings: Whether you like landscapes, seascapes or still life art, I have it. I work exclusively from photographs in my studio and I do a wide variety of subjects, from portraits of your favorite pet to old family photographs or your favorite vacation spot.

Prints: All paintings are available in prints in various sizes or cards through my site on Fine Art America..

Commissions: **If you don't see a painting you like,** I do accept commissions. Commissions usually start out at \$250, but may go higher depending on the size and complexity of what you want painted.

GAIL DALEY AWARD-WINNING ARTIST

ART SHOULD BE
AFFORDABLE

As artists, we shouldn't get so wound up in the idea of making money on our artwork that we forget we also have a commitment to encourage culture and make it available to everyone, not just an elite few. I don't think it should be necessary to be a millionaire to own original art. For the majority of Americans, spending \$300 to \$500 dollars on art for their home or business is a major investment and we should respect that.

WHY DO I CREATE
ART?

I am a self-taught artist. I concentrate on the interconnected relationship between man and nature, and the strong bond between humans and animals. Simple images of everyday life (past and present), pets, and animals dominate my representational art. I do abstracts because they are fun. I also have a prolific body of Fantasy and Sci-

ence Fiction art. I have won awards for my abstracts, pet portraits and historical scenes. "Transitions" created in 2004 was installed by the Fresno Rotary Club at Freeway 168 and Bullard off-ramp in

Clovis California on May 30, 2009.

I concentrate on the bonds between man, nature and animals because I think God created all of us to be part of a whole, not just individuals. While our individuality is important, equally important is our connection to each other.
